

PROJECT MANAGEMENT

 **In-Class Training (34 Hours 3 Days)**  **Live Virtual Training (12 Hours 4 Days)**

Menjawab Masalah Apa?

Perusahaan sering mengalami tantangan dalam memanejemeni kegiatan proyek yang unik, tidak rutin (tidak berulang), dan melibatkan banyak pihak. Tantangan yang sering dihadapi umumnya adalah bagaimana memandu kegiatan proyek tersebut agar selesai sesuai jadwal dengan kualitas yang diharapkan dan biaya yang efisien. Keberhasilan sebuah proyek didukung kuat oleh kompetensi individu terhadap prinsip dasar dalam pengelolaan proyek, sehingga mampu mempraktikkan cara mengelola proyek sesuai siklus manajemen proyek.

Program ini mengacu pada Project Management Body of Knowledge (PMBOK) yang telah disesuaikan dengan kondisi praktis lapangan.

Program Terkait

- Project Procurement & Risk Management
- Owner Estimate

Problems to be addressed?

Organizations often experience challenges in managing project activities that are unique, non-routine, and involve many stakeholders – one-time effort limited by time, budget & resources. The challenge that is often found is how to guide the project activities on schedule with the expected quality and efficient cost. The success of a project is strongly supported by the individual's competence in the basic principles of project management, so that they are able to practice how to manage projects according to the project management cycle.

This program refers to the Project Management Body of Knowledge (PMBOK) which has been adapted to practical field conditions.

What goals will be achieved?

Having attended this program, the participants are expected to be able to:

- Identify activities that must be handled on a project basis
- Implement project planning
- Monitor project progress in terms of time and cost
- Identify deviations in project time and cost performance and take necessary control measures
- Identify risks that may arise in project implementation

Problem to be addressed?

- Overview Project Management
- Organizational Project
- Budgeting the Project
- Controlling the Project
- Project Risk Management

Who should attend

- Professionals level at manager, supervisor, staff positions who are involved in projects
